## 2025-2028 KACTS Transportation Improvement Program Amendment

**Draft December 18, 2025**

All federally funded projects must be in the State Transportation Improvement Program (STIP) and the Metropolitan Planning Organization's Transportation Improvement Program (TIP) to receive federal funding. KACTS must update the TIP when there is a change to any project such as funding increase or a request to add a project to the TIP. MaineDOT must receive the KACTS Policy Committee endorsement when any federally funded project has a major scope change or cost increase or when MaineDOT wishes to add a project to the STIP.

All TIP amendments must be posted to the SMPDC website for a 10-day public comment period. This TIP amendment was posted for public comment on 12/18/25. Comments must be sent to Dean Williams (dwilliams@smpdc.org) by January 21st.

MaineDOT is seeking a TIP amendment for the following:

- Amend KACTS 2025-2028 TIP to add one new project (WIN:30312.00) in the year 2026 : to begin a feasibility study for Seapoint Road in Kittery. Funding will be coming from the Federal Land Access Program, local, and private funds.

Included in this TIP amendment is the Draft Errata sheet. The full TIP can be found at <https://smpdc.org/kacts>.

## FHWA Errata

*Purpose of the Errata: The purpose of the Errata is to provide a mechanism for MaineDOT to communicate changes that have occurred between the time the new STIP project listings are pulled from the system (typically at the beginning of January) and the time it is approved (typically in April or May) by FHWA/FTA. During this time, changes to existing projects warranting disclosure and the addition of new work must be communicated to ensure that proper approvals are in place when the new STIP is approved. It should be noted that most items listed on the Errata reflect Administrative modifications/Amendments to the current STIP that must be in place for a smooth transition to the new STIP when approved. Without this document, prior FHWA approvals in the previous STIP will not carry over.*

Project Information								FHWA Stages							
WIN	Title	Scope	Development Responsibility	MPO	Towns	Workplan Description	Program Year	PE	ROW	Construction	CE	Planning	Total Available	New or Existing Project	Notes (may include fund source breakdown here as applicable)
26226.00	Kennebunk Arundel, Days Mills Bridge #2221	Bridg Replacement	MaineDOT	KACTS	Kennebunk & Arundel	Days Mills Bridge (#2221) over Kennebunk River.
